

Environment Policy

Purpose: The purpose of the Environment Policy is to guide SECURE's environmental stewardship efforts.

Our Commitment: SECURE is committed to safeguarding and restoring the environment where we live and work. Guided by our value of doing the right thing, SECURE strives to ensure that our actions and operations do not adversely impact the environment for future generations. SECURE has integrated environmental considerations into our business decision factors.

Policy: We are guided by our Policy and remain dedicated to:

CARE

SECURE recognizes that environmental stewardship is an important part of creating a sustainable future. Respect and consideration of the environment are at the forefront of our decision making, operations, strategy, facility and product design, and our corporate culture.

COMPLIANCE

SECURE is committed to operating in compliance with all relevant environmental regulations and makes every effort to use environmental best practices where possible. We acknowledge that the future value and success of our business depends on our ability to meet or exceed regulatory requirements.

COMMUNITY

It is important to SECURE to be an environmentally responsible and considerate neighbour in the communities where we operate and engaging with local communities is a priority.

SECURE is committed to working with customers, Indigenous communities, industry organizations, governments and other stakeholders to interpret and develop balanced environmental legislation, regulations, practices, procedures and standards. SECURE employs environmental practices that support healthy, resilient, adaptive communities.

CUSTOMERS

As a trusted industry partner, SECURE works collaboratively with our customers to challenge what's possible and provide environmental solutions designed to protect and minimize impact on the environment. SECURE supports our customers in achieving their environmental goals through our extensive environmental and midstream solutions.

COMMUNICATION

SECURE is committed to regularly communicating relevant and accurate information on our environmental performance to our stakeholders and measure our progress towards meeting our environmental goals. Our goal is to empower and educate our workforce (employees and sub-contractors) to make environmentally safe and responsible decisions every day.

CONTINUOUS IMPROVEMENT

SECURE is committed to continuously improving our environmental performance through conserving resources and reducing environmental impacts.

SECURE will regularly review this policy and revise as appropriate to ensure it effectively manages environmental impacts and the expectations of our employees, customers, government, and other stakeholders.
